Chairmans Report

Andy Coombs gave his review of the year.

The clubs' intention was to run two events this year as usual. Unfortunately following the passing of Tom we have lost our East Chelborough venue. Despite the committee's best efforts we were unable to secure a venue for the Nigel Revell Trophy this year and reluctantly had to cancel the event.

We were able to run a successful event at West Bourton. This event ran seamlessly and the committee thank all the club members for their support.

Andy then thanked the committee for their help and support during the year.

Treasurers Report

Report on the AMCA Classic AGM.

Wayne Coward attended the AMCA Classic on behalf of the club.

There was nothing discussed of particular relevance to our club.

AMCA Club dates were agreed.

A discussion was held on the subject of finding a track after the loss of East Chelborough, the possibility of using a venue suggested by Devon Classic Club will be explored.

The committee reminded the members of the need for more help as a club, this year we ran with a small committee, there are lots of ways people could help by taking jobs without the need to be on the committee, such as organising marshals, helping with track building or helping on the day of a scramble etc.

We were happy that Roy Butler has chosen to join us.

A number of proposals from club members and the wider community were discussed (details in the meeting agenda). The committee agreed to give them consideration during the planning and organisation of event in 2024.

Meeting ended at 9pm

Next committee meeting will be 25th Jan 2024 at Kington Magna Club
