So, Dorset have the bragging rights for 2016!

Well done Dorset!

Representatives from the SW clubs taking part in the SW Scramble League met to discuss the success of the League and its future for 2017.

The main points are summarised below:

Did it encourage a greater participation? Not a single meeting was cancelled!

Did it generate an interest amongst the riders? It was felt the League was a frequent topic of conversation in the pits.

Will it run again in 2017? Yes, but with some changes:

- Riders points can only count for the AMCA affiliated club on their membership card.
- Each scramble is scored separately. Club positions for each scramble are used calculate the League – not the accumulated points total.
- Only riders appearing in the programme can score points for their club (late entries will not count).
- Only riders who are listed for specific races can score points for their club.
- For each event, the host club is asked to provide a list of competing riders, fully checked against the latest AMCA rider list. Details of race number, AMCA number, classes entered and affiliated club are required (a spreadsheet template will be provided to make it easier for me!).
- It is hoped that clubs will publish the latest SW League report in their programme.
- It is also hoped that clubs will include the entry form for the next SW scramble in their programmes.

What will not change? Every rider can score points for their SW Club regardless of their ability or position in the race. All they must do is finish!
